## *What's in the test?*

The Made in Sheffield Scholarship test is designed to identify students with a particular aptitude for university-level study. It consists of two sections: a verbal reasoning test and an inductive reasoning test.

There are a number of language options, so you can choose the language most suited to you. You must complete the test on your own and can do this in the comfort of your own home.

## *What if I don't receive a scholarship?*

The scholarship test is not part of our standard entry requirements and does not affect the offer you have already been made. As long as you meet the conditions of your offer, you can take your place at the College.

Those who have taken the Scholarship test will receive feedback designed to help identify areas of strength and areas of development.

## *Don't delay, apply today*

Our Made in Sheffield Scholarship is strictly limited. This means that once we have awarded all of the scholarships there will be no more awards available.

**To avoid disappointment, speak to your local agent or Study Group representative today.**

**Don't miss your opportunity to earn a scholarship worth between £500 and £3,500.**
